About me

I am currently advancing my expertise through studies in Artificial Intelligence. As a beginner in the IT industry, I am highly adaptable and eager to apply the theoretical knowledge I've acquired in practical, real-world scenarios. My organized nature and resilience are particularly suited to the dynamic challenges of IT projects, where I am committed to learning and contributing effectively. Despite being at the early stages of my IT career, my enthusiasm for technology and problem-solving drives me to seek innovative solutions. I am keen to immerse myself in the IT industry, bringing a fresh perspective and a strong willingness to grow professionally.

Courses

AI Developer, University of Applied Sciences

Aug 2023 – Jul 2025

Employment History

Drug Testing Technician, Ljung & Sjöberg

Dec 2021 – Present 📍 Stockholm

As a Covid Tester at PCRBilen, I complement my work with assignments for Ljung & Sjöberg, where I conduct drug testing (including narcotics and alcohol tests) at companies and workplaces. These services are primarily offered in Stockholm, but also in other cities.

Covid Tester, PCRBilen

Jun 2021 – Present 📍 Stockholm

COVID-19 testing for a wide range of clients in and around Stockholm, including individuals, travelers, tourists, businesses, and event attendees. I've established strong relationships and trust within the industry, with prominent clients such as EQT, Kinnevik, Grand Hotel, Live Nation, various film production companies, and travel agencies.

- Ensured high-quality service & resolved any customer issues that arose.
- Handled all tasks related to bookings and inquiries.
- Assisted with the recruitment and training of new employees.
- Organized testing at events and conferences.

Owner of Bilterminalen

Sep 2017 – Oct 2020 📍 Stockholm

My primary responsibility was to provide strategic leadership and direction for the business. This involved setting overall objectives, developing and implementing strategies to achieve them. I was in charge of managing the company's financial performance, including budgeting and preparing financial reports. Making key decisions related to the business, including marketing, purchasing, sales, customer service, and financing.

Driver, Löfgrens Delivery

Nov 2014 – Sep 2016  Stockholm

I managed Ikea deliveries across Stockholm, navigating the city to transport furniture to homes and businesses. The job involved significant heavy lifting and direct customer interactions at each drop-off point. My role was a mix of logistics and customer service, ensuring timely and efficient deliveries while addressing any immediate customer queries on-site.

Prep Cook, TGI Fridays

Jun 2013 – Sep 2013  Stockholm

I briefly worked in the kitchen of a TGI Fridays located in Kungsträdgården. My main role involved preparing for the evening service, which included portioning food, organizing supplies, and chopping vegetables and meats. The work required efficiency and attention to detail, ensuring everything was ready for the night's service.

Education

NTI Business High School, Commerce & Administration with a specialization in Marketing

Aug 2011 – Jun 2014  Stockholm
